

LEGEND

The whole of Western Piedmont is stretching to encompass new facilities for expanding curriculum programs, new faculty and staff members to accomodate student educational needs, a growing athletic program, more student clubs to complement classroom experience, and a broadening continuing education program.

We are moving. We are making decisions to reaffirm or change our chosen path. We are pioneers of tomorrow. We are Western Piedmont.

# Not How We Learn, But What We Learn

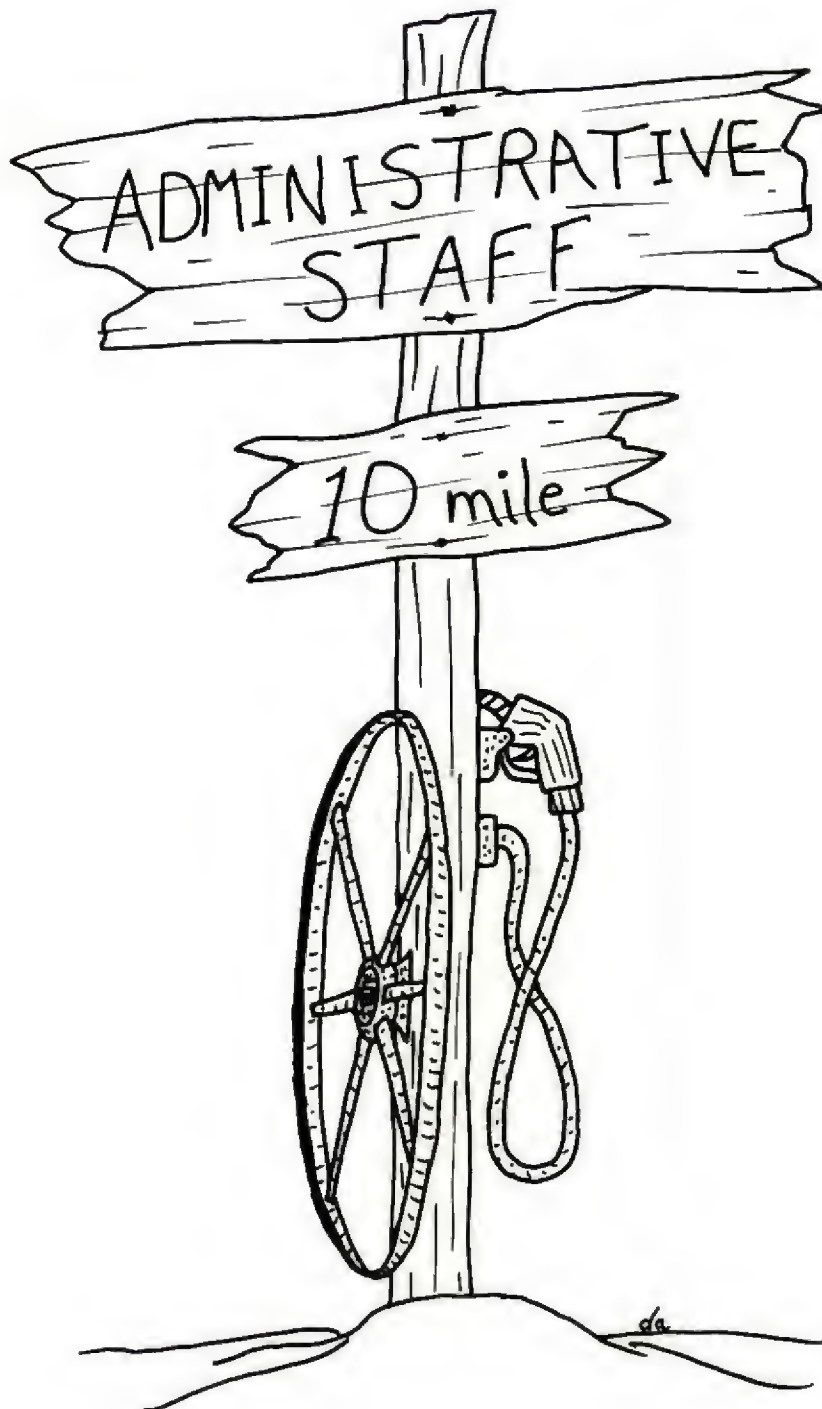

Western Piedmont Community College combines high academic standards, highly qualified instructors, and beautiful surroundings for an excellent learning atmosphere to prepare ourselves to journey down the road of our choice.

Western Piedmont is our stepping stone from yesterday into tomorrow.

# COMMEMORATION

With the visions and convictions of a dream, pioneers forge new frontiers in every avenue of life. Since Western Piedmont Community College was founded, it has had its share of Pioneers committed to making the college a forerunner in the Community College System. They succeeded.

W. Stanley Moore

The Legend Staff, faculty and administration of Western Piedmont Community College wish to convey our love, respect, and honor to the distinguished, individual accomplishments of W. Stanley Moore, John H. Carson, Frank Patton, Dr. E.W. Phifer, Jr. and J. Ray Childers.

These men blazed a path into higher education for citizens of Burke County which will continue to create the opportunity for future Pioneers. The legacy of their contributions to education will be felt by each student who attends Western Piedmont Community College.

# Western Piedmont Foundation Incorporation

Western Piedmont Foundation Incorporation is instrumental in securing public and private support of WPCC. Area individuals, organizations or clubs who are served by the college can make tax deductible donations or provide scholarships for needy and worthy students. Contributions to the College are a vital investment in the future.

Anne Hodges  
Secretary

Serving his second year as President of Western Piedmont Community College, Dr. Droze is responsible for coordinating all components of the college, and leading the college in its mission of educational service to the people of this region of North Carolina. His emphasis is to provide quality education in the classroom, balanced by good support services and activities.

As the Vice-President of Academic Affairs, Dr. Richardson coordinates all instructional programs at the college, both continuing education and curriculum. It is his job to develop a variety of educational opportunities designed to meet the changing needs of students seeking knowledge and skills for better employment, transferring to other institutions, or enriching their personal lives.

For any citizen of Burke County who wishes to continue his education, Western Piedmont has the means. Through the Division of Continuing Education, the learning experience is offered to those who want to complete their high school diploma; those who want to excel in a vocational or professional area; those who want to learn or improve a leisure activity. Although college credit is not given, certificates are awarded for the completion of some courses while licenses, diplomas, or other forms of recognition are awarded by agencies outside the college. The greatest award, however, is the sense of personal worth gained in the accomplishment of a task and in the acquisition of stronger skills.

The Learning Lab specializes in individualized instruction for students who may want to pursue a special interest or do additional study in a particular area. In addition to curriculum students, the Lab has special programs for high school completion and college preparatory students. The Lab is open to all students at the college and adults in the community to pursue their individual interests with materials covering foreign languages to the metric system.

Through the Department of Community Colleges, this office serves western North Carolina in coordinating law enforcement and fire service training programs in area community colleges.

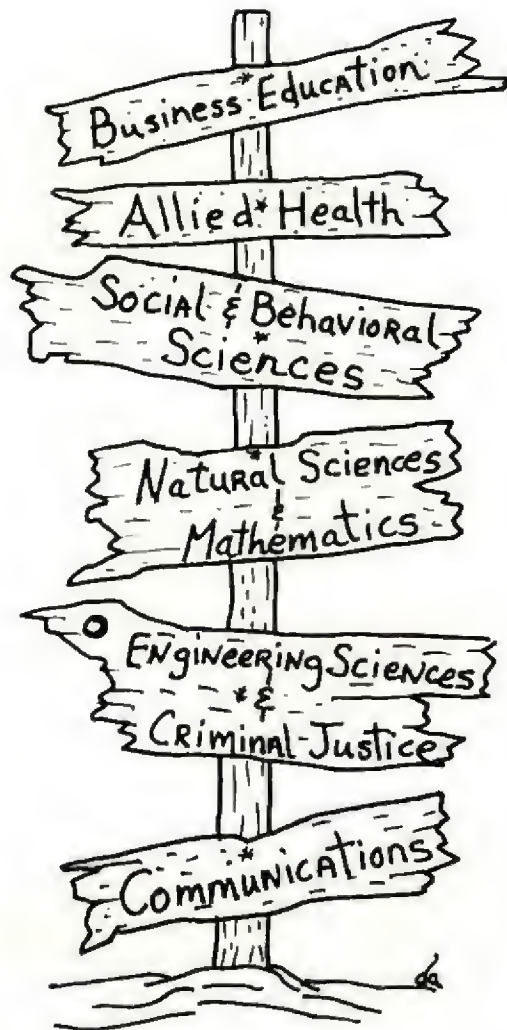

Not to be confused with the Associate in Applied Science Degrees in Police Science and Fire Science offered by WPCC, these programs provide necessary "rookie schools" and inservice training required of persons already employed as law enforcement or fire service personnel.

# DIVISIONS AND PROGRAMS

The Allied Health, Nursing and Physical Education Division offers a wide range of careers, programs and classes. The Medical Laboratory Technician, Dental Assisting, and Medical Office Assisting Programs, plus an Associate Degree in Nursing give students an opportunity to pursue careers in health-related fields.

The Physical Education and Health classes offer each student physical and mental challenges to complement the active college student.

WPCC's Nursing Department trains men and women of all ages to provide Burke County and the surrounding areas with quality health services. Through classroom lectures and practical experiences from on-the-job training, our students are exposed to the many specialized and general duties of the nursing profession.

The Medical Laboratory Technician Program is set up to train students for employment in hospital laboratories and medical clinics. This specialized training will enable the technician to work in such areas of the medical laboratories as urinalysis, hematology, serology, and the blood bank.

With more business and industry locating in Burke County, competent people with administrative skills are needed to supply management areas. The two-year Business Administration Program offers the student a course of study aimed at many phases of administrative work. During the first year, students take important core courses in accounting, business law, finance, English, and other general areas. Specialization comes in the second year when students may choose Management and Supervision, Marketing, or Real Estate and Insurance for particular emphasis.

A competent secretary is the cornerstone of every office. The efficiency of her work and public relations skills project the image of the office in which she works. In the secretarial field, the Business Department offers specialized training to prepare Executive, Legal, and Medical Secretaries. Courses in typing, dictation, transcription terminology and procedures are designed to create capable and responsible skilled individuals.

Skilled accountants are in demand in all areas of business. The Accounting Technicians Program incorporates courses in basic and advanced accounting, business machines, business law, cost data, and taxes.

Good communication skills, both verbal and written, are necessary to be successful in all careers and in life.. WPCC is committed to providing the training for all students to acquire these skills. The Division of Communications, Humanities, and Fine Arts incorporates an array of courses in art, drama, composition, literature, music, philosophy, and reading.

A specialized degree offered in this division is the Associate in Fine Arts wherein students complete courses in English, mathematics and social sciences while emphasizing art fundamentals, drawing, painting, and sculpture.

The Department of Engineering Sciences and Criminal Justice encompasses many programs of study that will permit new job options or improve job skills. Within the Engineering Science Department the student may choose a two year A.A. Sc. Degree in Industrial Engineering or Fire Science Technology; a one year diploma program in Automotive Mechanics or Drafting; a Certificate program in Industrial Electricity or Machinist. Criminal Justice Programs prepare the high school graduate for a career in Law Enforcement, and offers the full-time police officers a chance to further their formal education.

Within the Social and Behavioral Sciences Division, is the Mental Health Associate Program in which students train in a human relations curriculum of such courses as crisis intervention, gerontology, interviewing and counseling, learning and behavior, among others. Graduates from this program receive the Associate in Applied Science Degree.

The College Transfer Program allows students to complete the first two years of a four-year degree at a reasonable cost. During these two years, students will be prepared for the transfer with courses to increase their knowledge in their areas of study. Western Piedmont coordinates with four-year institutions to insure that students concentrate their efforts on those courses that will directly benefit their preparatory work.

# THANKS TO YOU, IT WORKS!

We would like to thank all of those wonderful people: the faculty, the coaches, the fans, who supported the athletic teams at WPCC. For without your support, the teams' attitudes towards giving their all to Western Piedmont would not be possible. It is the fans, the coaches, and the faculty that really make our teams work. Students may be the players, but the support you have given us is the backbone of our teams at Western Piedmont Community College.

### IT IS NOT EASY

To apologize,  
To begin over,  
To be unselfish,  
To take advice,  
To admit error,  
To face a sneer,  
To be charitable,  
To keep on trying,  
To be considerate,  
To avoid mistakes,  
To endure success,  
To profit by mistakes,  
To forgive and forget,  
To think and then act,  
To keep out of the rut,  
To make the best of little,  
To subdue an unruly temper,  
To maintain a high standard,  
To shoulder a deserved blame,  
To recognize a silver lining—  
But it always pays.

EARL W. DUNCAN

Director of Financial Aid

In honor of a person who has taken personal interest in every student who enters his office and who is a warmhearted, dedicated Pioneer, we, the members of the Legend Staff, wish to express our gratitude and appreciation for the outstanding services he has given to Western Piedmont.

The Legend Staff is proud to give special recognition to Earl Duncan, a beloved professional, associate and friend. Mr. Duncan has given unselfishly of his time and talents in his job to secure financial aid for students. This enthusiasm for his job and his willingness to help has endeared him to his friends and students.

We, the 1981 Legend Staff wish to dedicate this year's annual to

### It Couldn't Be Done

Somebody said that it couldn't be done,  
But he with a chuckle replied  
That "maybe it couldn't," but he would be one  
Who wouldn't say so till he'd tried.  
So he buckled right in with the trace of a grin  
On his face. If he worried he hid it.  
He started to sing as he tackled the thing  
That couldn't be done, and he did it.

Somebody scoffed: "Oh, you'll never do that;  
At least no one ever has done it";  
But he took off his coat and he took off his hat,  
And the first thing we knew he'd begun it.  
With a lift of his chin and a bit of a grin,  
Without any doubting or guiddit,  
He started to sing as he tackled the thing  
That couldn't be done, and he did it.

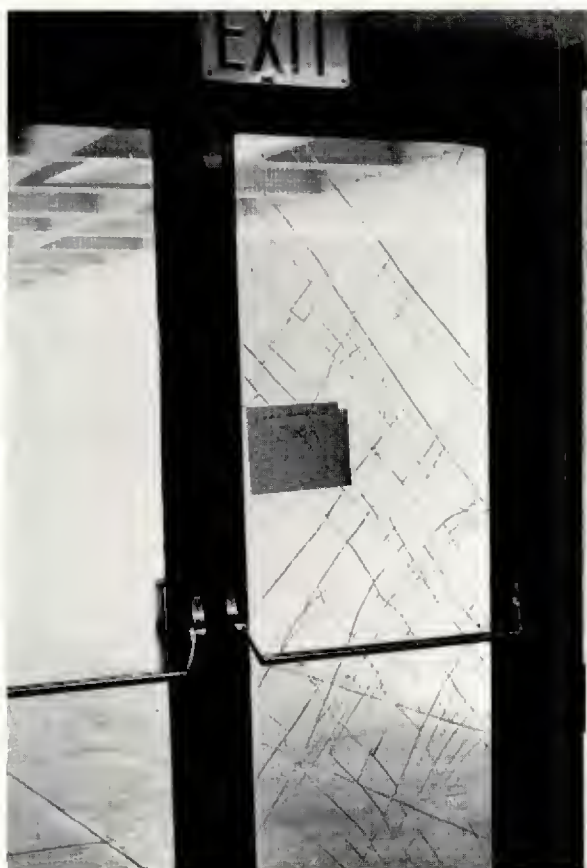

There are thousands to tell you it cannot be done,  
There are thousands to prophesy failure;  
There are thousands to point out to you,  
one by one,  
The dangers that wait to assail you.  
But just buckle in with a bit of a grin,  
Just take off your coat and go to it;  
Just start to sing as you tackle the thing  
That "cannot be done," and you'll do it.

# TURKEY TIPOFF

The Phi Theta Kappa sponsored the Third Annual Turkey Tipoff using the ticket sales for scholarship funds. After a slow first quarter, the student Pilgrims overcame the faculty/staff Turkeys to win. The highlight of the evening came when Ruth Thomas crowned George Fouts, Sexiest Turkey. Bob Benner and Carol McConnell were the officials.

In the book of life, the answers are not in the back.  
—Charlie Brown

From September to March, there's a hum in G-128 . . . students coming together for a common goal, to produce a yearbook for Western Piedmont. The job is tough: ads to be sold; pictures to be taken, developed, printed; copy to be written; layouts to be drawn; art to be designed; and typing, typing, typing.

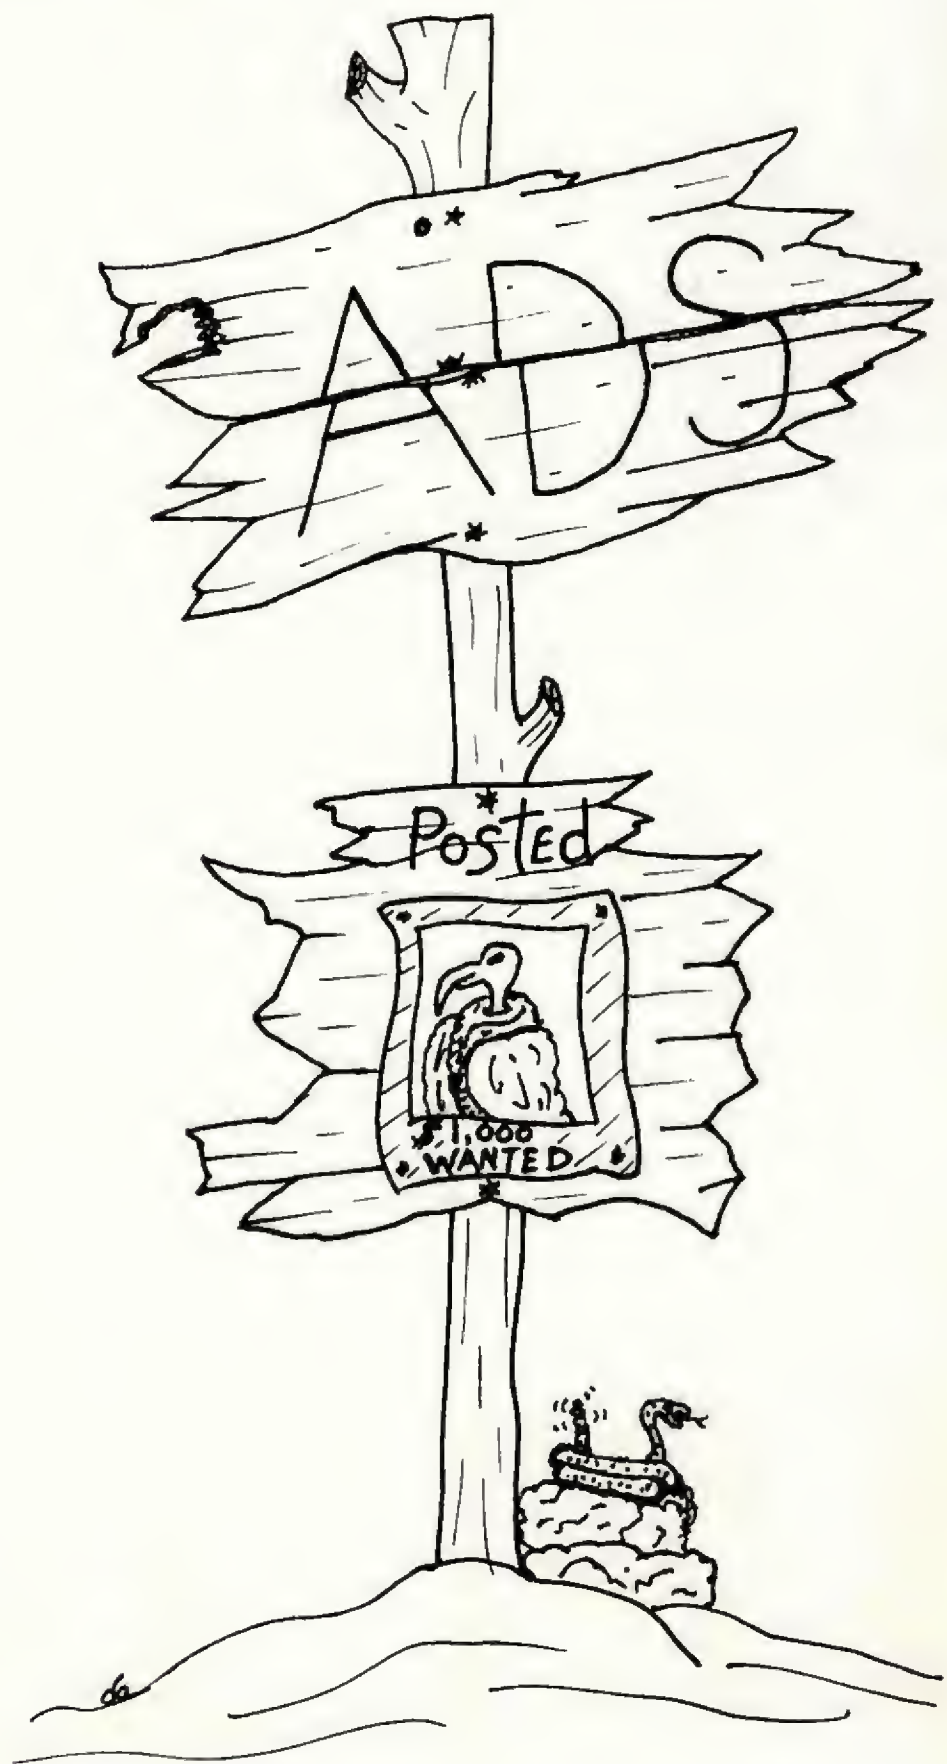

Most people cannot realize the work that is put into a yearbook. The finished product is clean, hopefully, with few errors. It does not show the crumpled papers in the floor, the photos that did not come out, the copy that did not fit, the panic of a lost layout, the frustration, the cramped hands, the tired backs.

But I know. I have watched the construction of a yearbook during the last few months. I have seen dedicated students spend hours hunched over tables, desks, enlargers, developing trays, doing whatever it took to get the job done.

To these students and to the others across this campus who spend energy and time working on extracurricular projects and committees for the student body, the college, and the larger community—your commitment is appreciated and respected. The pay does not come in dollars, but in the satisfaction of doing a job well, of accomplishing a task, of making a contribution.

You know who you are. Carry with you the satisfaction that you deserve. To all of you who attend Western Piedmont, to better your educational background, to prepare for the careers of your choosing, to meet the demands of a changing world, to grow more fully as a person—remember that you *are* somebody. You are important. And you can never lose that importance unless you give it up or let someone take it from you. Grab onto all you can while you are here. Return when you can to visit and recall past days, or to continue in learning experiences. Western Piedmont is for you.

## North Carolina is our hometown.

To us, names like Black Mountain, Charlotte, Statesville, and North Wilkesboro represent a lot more than just dots on a map. They represent "home". With branches in so many North Carolina hometowns, we've come to know the people of these communities as the best of friends. Together these communities, our friends, and our branches have prospered.

From Raleigh to Cherokee, from Mount Airy to Shelby, from Charlotte to Hayesville... The Northwestern Bank is proud to call North Carolina home.

An incredible journey . . . *The Legend* staff is proud of our efforts to create a yearbook that portrays the school life at Western Piedmont Community College.

The pictorial story that we have compiled is a record of thoughts, emotions, and happenings that will never be duplicated. The time spent sharing long hours of studying, classes, activities, clubs, and sports form a family unity of which we are all a member.

*The Legend* signifies the ending of 1980-81 school year. Tomorrow when you look back—remember—

You only grow by coming to the end of something and by beginning something else.
